CYBER INCIDENT RESPONSE

Mateo Trakostanec

Student at Faculty of Informatics and Digital Technology
Rijeka, Primorje-Gorski, Croatia

Summary

Experienced in backend development with PHP, MySQL, and Python, specializing in data parsing and processing. Skilled in working with HTML, CSS and using Python as backend technology to ensuring seamless web functionality.

Proficient in Linux environments and Adobe Creative Suite, bringing both technical and creative expertise to projects. Committed to continuous learning, problem-solving, and delivering high-quality solutions.

Always eager to explore new technologies and improve workflows. Open to collaborations and new opportunities!
